CERAMIC TILES

AN EXCELLENT CHOICE FOR WALL AND FLOOR APPLICATIONS

CERAMIC TILES

Are you looking for a tile that will add that chic and sophistication to your home? **Ceramic Tiles** will do the trick! Ceramic Tiles are known for their durability, resistance, and appealing finished look.

Ceramic is a multi-purpose solid material made from a combination of clay, sand, and other natural products. Ceramic Tiles are favored by many builders because of their hardness, chemical resistance, and aesthetic appeal.

Ceramic Tiles owe their hardness to the firing process they undergo in kilns. Today, two major types of ceramic tiles are used for residential and commercial projects: glazed and unglazed tiles.

Ceramic Tiles are an excellent choice for wall and floor applications. Our White Ceramic Tiles are an excellent addition to bathrooms with its clean-cut look and its versatility. Buy Ceramic Tiles by visiting our Concord showroom or online via email and telephone. Prices are subject to GST.
